Conference Microphone Speaker PJP-50USB

Solutions for Remote Conferences with Softphone

With a UNIVERGE Soft Client SP350/DtermSP30, along with a Yamaha conference microphone speaker and a web camera, a remote TV conference with a data sharing function will become an easy and convenient solution.

UNIVERGE Soft Client SP350: Data-Conference Features

Video conference

Data sharing

Chat

Without a dedicated server, it enables video conferences, data sharing, white board, file transfer and chatting between up to eight locations. Since you can attend a face-to-face conference even from your desk, it improves business efficiency by cutting travel time and expense.
